### A New Scheme Proposed to the Postoffice Department.

### SEA DISTRIBUTING MAIL.

Germany Will Join in Expenses of the Scheme—No Change in the United States Treasury for the Present—A Reconsideration of the Pension Claims—Other Dispatches from the National Capital.

Washington, April 18.—Mr. Schuch, secretary of the Imperial German postoffice, in a letter to the postmaster general, dated Berlin, March 16, proposes the establishment jointly by the United States and Germany of sea post offices on the vessels plying between the United States and German ports which carry the mails. Attention is directed to the fact that much delay is occasioned in the prompt delivery of the mails, owing to the fact that they have to be assorted and distributed after being landed at the port of destination of the steamer.

This proposition is made that postal clerks, instead of railway mail clerks, be employed jointly by the two governments for the distribution of the mail while crossing the ocean so that when the mail arrives at the port of destination it will have been distributed for all the large distributing offices, either in the many or the United States. The cost of this service, Mr. Schuch computes, will be about \$11,000 per annum, which to each country will be \$5,500 per annum. The matter is now in the hands of the postmaster general, who is giving it consideration.

Superintendent Bell, of the foreign mails service, who is familiar with the laws, international and domestic, pertaining to the service, expresses doubt as to whether the United States could, without existing laws, enter into such an agreement with the German government as is suggested by Mr. Schuch. He is, however, thoroughly in accord with the suggestion, which he regards as an excellent one, and thinks if it can be put into operation, it will greatly facilitate the prompt delivery of mail matter between the two countries, and will with like profit be employed between the United States, Great Britain, France, Spain and Italy.

### Reconsideration of Pension Claims.

WASHINGTON, April 18.—Assistant Secretary Bussey, of the interior department, today issued the following rule of practice, which will in future govern in the consideration of pension claims:

"With reference to matters for the reconsideration of pension claims, that have been already adjudicated on appeal to the secretary of the interior, the department holds, now, as heretofore, that the right of an applicant to review or reconsider a predecessor's decision, does not relate to questions involving mere discretion and judgment, but extends only to mistakes in matters of fact arising from errors in calculation, or to palpable errors of law and to cases of fraud in which material testimony is afterwards discovered and produced. This rule is denied by this, as by former administration, to be essential to the establishment of well defined legal precedents, and to the putting an end, sometimes, to prolix litigation of appeals involving the same case or claim.

Where the correctness of a former adjudication is so manifest, upon a review of the evidence that it is not a matter of dispute, the department will not refuse to do justice because the error is of long standing and has been sanctioned by subsequent action. A faithful observance of the foregoing rule by claimants and by attorneys, alike will greatly facilitate the business of the department relating to pension claims."

### National Academy of Sciences.

WASHINGTON, April 18.—The National Academy of Sciences, reduced Professor Marsh president of the academy for the ensuing year. Professor Newcomb, the retiring vice president, announced his resignation. Professor Newcomb, who was elected unanimously. At noon the members of the academy called at the president's mansion and paid their respects to President Harrison. At the afternoon meeting a paper was read by Professor J. P. Todd on "Composite Cartography," and at the night session Dr. Billings read a memoir of Professor Baird, and Dr. Farlow, of Cambridge, read a letter to the president. The Watson, gold medal, director of the observatory at the University of Bonn, Germany, was accepted by Dr. Walcott Gibbs, who will send it to Professor Schuch, through the German minister.

### Crooked Pension Agents.

WASHINGTON, April 18.—The commissioner of pensions has been advised that Eleanor Stone, formerly King, of Westfield, Wis., who was indicted last January for making a false claim for pension, as the widow of John E. King, has pleaded guilty, and was fined \$1,000.

Thomas Allen, who was indicted in West Virginia for defrauding Thomas Allen, a pensioner, out of \$35,000, was arrested yesterday at Clarkburg, W. Va., and held for trial.

John Chesman, of Vicksburg, Mich., was convicted on the 15th inst. in the United States district court at Grand Rapids, Mich., for forgery in his pension claim. He was sentenced to nine months' imprisonment in the Detroit house of correction.

### "Line of Duty."

WASHINGTON, April 18.—Assistant Secretary Bussey, of the interior department, has rendered three decisions in pension cases in which the question of "line of duty" was involved. He follows the principle laid down in the case of Hockenshaw, decided yesterday, in which the distinction and differences were elaborately and exhaustively discussed.

### A Trifling Foundation.

WASHINGTON, April 18.—The state department has been informed by Consul McLean, at Nassau, N. P., that the brig Tarifa, of New York, J. W. Brown master, stranded at Mossie shoal, Bahamas, on March 21, while bound for Vera Cruz, with a cargo of crude oil. The ship is a total loss, but the

crew of nine men and part of the cargo were saved.

### Controller of the Currency.

WASHINGTON, April 18.—E. C. Lacey, of Michigan, has been appointed controller of the currency, as predicted in these dispatches some days ago. The appointment was decided on after a long conference between the president and Secretary Windom. Mr. Lacey was unofficially informed of his appointment as soon as it was made.

### At the United States Treasury.

WASHINGTON, April 18.—It is probable that Mr. Huston, the newly-appointed United States treasurer, will not take the oath of office for at least two weeks, owing to several complications and embarrassments that will arise should he do so. Treasurer Huston has an onerous trust to look after. As treasurer of the United States he is responsible for about \$700,000,000, and assistant treasurer ad-interim, a position he assumed on account of the death of Judge McCue, and held until released by Mr. Roberts, he is accountable for the \$20,000,000 there. While Mr. Hyatt is quite anxious to be relieved from his office duties, he does not want to be placed in a position where he cannot look after his own interests and those of Judge McCue's heirs during the count at New York. This would happen should Mr. Huston become treasurer before the count of sub-treasury funds in New York is finished. As Mr. Huston does not care to embarrass Mr. Hyatt, he will probably wait until the New York count is finished before entering on his new duties.

### Appointments.

WASHINGTON, April 18.—The president made the following appointments Tuesday: William P. Hepburn, of Iowa, to be collector of the treasury; William H. Whitman, of New Mexico, associate justice of the supreme court of the territory of New Mexico; James A. Sexton, to be postmaster at Chicago.

### The following appointments were made Wednesday:

Robert H. Porter, of New York, to be superintendent of census.  
J. W. Cunningham, to be assessor United States mint at New York City.  
William H. Perkins, to be associate justice of the supreme court of Washington territory.

### Death of Mrs. Folger.

WASHINGTON, April 18.—The wife of Rear Admiral Folger, who was so seriously injured by being thrown from her carriage while the horses were running away, on Sunday afternoon, has died at her residence in this city. Mrs. Folger never recovered consciousness from the time she was injured. The funeral will take place Friday afternoon, and the interment will be at Mount Olivet cemetery.

### Sentence Commuted.

WASHINGTON, April 18.—The president has commuted the sentence of six men, confined in the Louisiana, Ky., jail, indicted in February last of violating the national revenue laws, to three months, on account of the convict's poor health.

### Frank Sigel Resigns.

WASHINGTON, April 18.—Secretary Noble has received and accepted the resignation of Gen. Frank Sigel, pension agent in New York City.

### Accident in a Sawmill.

TIMON, Ind., April 18.—A frightful accident occurred near Windfall, this county, Monday evening, in which Josh Coon, a mill hand, lost his life. He was running the sliding saw in R. F. Gendron's mill, and while attempting to cross the carriage he slipped and fell on the large saw. The saw struck just below the hip, penetrating the right side and passing through the body to the left. None of his limbs were severed from the body, but he was sawed through from the hips to the lower base of his skull. He leaves a widow and children.

### Insurance Association Sued.

NEW YORK, April 18.—The widow of Henry E. Lincoln is suing the Mutual Life Fire and Marine Insurance association to recover \$10,000 on a policy issued on Lincoln's life, which the company refuses to pay on the ground that Lincoln committed suicide. Lincoln was found dead in a hallway in Brooklyn, Mass., with a bullet hole in his skull, and Mrs. Lincoln believes that he was murdered by his brother, Augustus, who has since died. The case promises to be an interesting and important one.

### Of Interest to Pensioners.

TERRE HAUTE, Ind., April 18.—The National Service Pension association, of which Governor Alvin F. Hayes, of this state, is president, is now extending its organization nationally, preparatory to bringing a strong pressure for action on congress when it meets in December. Persons interested in the service pension will receive organization papers upon forwarding stamps for the purpose to C. A. Power, secretary, or Mr. C. Rankin, treasurer, Terre Haute, Ind.

### Press Boat at the Centennial.

NEW YORK, April 18.—John H. Starin, the steamboat owner, has tendered the centennial committee free of charge the use of the steamer Laura M. Starin for the accommodation of members of the press on their centennial day. The committee had asked Mr. Starin to name a price for the use of the steamer, but he declined to accept any money, though he had been offered a large amount by speculators for the charter of the boat the day referred to.

### A Hero Died to Save a Child.

NEW YORK, April 18.—Patrick McManamy, an old seaman in the Pennsylvania railroad yards at Jersey City, springing in front of a train yesterday to save the life of a little boy who had wandered upon the track to pick up cinders, and though he succeeded in pushing the child out of danger he fell beneath the wheels himself, and was torn to pieces. He leaves a widow and seven children in poor circumstances.

### Fire in Centerville, Rhode Island.

PROVIDENCE, R. I., April 18.—Fire at Centerville last night destroyed Joseph Baruch's house and barn. Loss, \$10,000; Simeon's dry goods store; loss, \$1,000; Gordon's jewelry store; loss, \$4,000; and Shepherd's hotel; loss, \$10,000; insurance partial.

## Handling Dynamite.

### Mr. Goschen Wishes to Increase the Tax on Beer.

### BUT THE BREWERS OBJECT.

They Remind Him That Gladstone Lost His Premiership by Advocating This Same Measure—American Science in the German Army—Other Dispatches From Over the Ocean.

LONDON, April 18.—There is intense irritation throughout the beer trade over the proposal of Mr. Goschen to increase the tax on malt liquors. The brewers have already held a meeting to discuss the matter, and have informed Mr. Goschen that a deputation representing them will wait upon him on April 20 to protest against his method of imposing what is apparently to be a permanent tax upon their product.

Mr. Goschen is reminded, by these gentlemen, that Mr. Gladstone once attempted to raise the tax on beer, and lost the premiership in consequence. The retail dealers have already added a half penny per point to the price of sugar.

### America Instructing Germany.

BERLIN, April 18.—Professor Leroux, the American aeronaut, made an ascension in this city yesterday before the military authorities and a large number of his friends. He ascended to the height of 2,000 feet, when he stepped from the car with a parachute, and reached the ground in safety. The trial was made under extraordinary difficulties. A heavy snow and hail storm was raging at the time, and the ropes holding the balloon captive became entangled several times. Count Von Waldersee was delighted with the exhibition, and will probably adopt the parachute as a part of the paraphernalia of the balloon department of the army.

### Service's Independence.

BERLIN, April 18.—It is announced that Mr. Cretschke, the Serbian minister to Berlin, will shortly be recalled by the Belgrade government. Together with this announcement comes the statement that ex-Queen Natalie will arrive at Belgrade in about three weeks. The minister of the anti-Russian minister and the arrival of the Russian ex-queen at the Serbian capital, in spite of the remonstrances of the king, augur no good to the continuance of Serbia independence.

### A Lamb of the Law Broken.

LONDON, April 18.—While Lord Hartington was speaking yesterday in the opening of a new university at Sunderland, the platform upon which were a number of guests, collapsed under the weight of the crowd. The mayors of Sunderland had her leg broken in the fall, and was removed to her home in a hysterical condition. Two ladies and two gentlemen also were injured. There was no panic, however.

### A Royal Train.

LONDON, April 18.—The directors of the Atlantic railroad have ordered the construction of a complete royal train which will be used to convey King Hamlet from Rome to Berlin. The train, which is to be constructed by Nuremberg builders, will be furnished with the very latest improvements and the ornamentation of the cars expected to surpass anything of the kind extant.

### Victim of Socialist Vengeance.

LONDON, April 18.—Herr Lorenzen, chief of the Kiel police, died suddenly yesterday, under circumstances suggesting the probability of his having been poisoned. It is suspected that he was the victim of Socialist vengeance, as he was very prominent in the recent arrest and prosecution of Socialists, and has frequently been threatened with assassination.

### Invasion of Bulgaria.

ST. PETERSBURG, April 18.—It is stated that Bulgarian exiles who have taken refuge in Romania and Russia are plotting with a view to organization of a formidable invasion of Bulgaria. It is probable that Mr. De Giers will interfere to put a stop to the scheme.

### Foreign Notes.

Queen Victoria will go to Balmoral in May.

The king of Holland will resume his sovereign duties in a few weeks.

The betrothal of Prince Ferdinand to a princess of the house of Orleans will shortly be announced.

The archbishops of Paris, Lyons and Bordeaux will be elevated to cardinalate at the next consistory.

The condition of Louis Kosuth is much improved. His physicians state that favorable symptoms of his malady are increasing.

Hopes are now entertained that the steamship The Queen, which is now overdue, may have resumed the passengers of the Danmark.

An explosion occurred yesterday in a colliery belonging to the Rothschilds at Toplitz, Austria. Five men were killed, two dangerously injured, and six are missing.

The Cologne Gazette asserts that formal invitations to the Samoan conference have been issued, and that the first meeting of the conference would be held during the last days of April.

### Shooting and Lying.

NEW ORLEANS, April 18.—A special to The Free Press from New Iberia, says: Police Delahoussaye and his youngest son, Louis, were shot and seriously wounded yesterday by an unknown negro. The condition of the wounded men is very critical. The negro was afterwards captured and lynched by a party who had pursued him.

### Death of a Prominent Lawyer.

BOSTON, April 18.—Col. Edward P. Norton, late corporation counsel of Boston, died last night of kidney disease, aged 51 years. He commanded the Thirty-first Massachusetts during the rebellion, was with Gen. Butler at New Orleans, became provost marshal of Alabama, and has since the war held various high legal positions.

### ALL BROKE UP.

A Passenger Train Jumps the Track on the Pittsburgh and Lake Erie Road.

PITTSBURGH, April 18.—While Pittsburgh & Lake Erie passenger train No. 19, was passing over a broken switch near Coraopolis last night, the baggage car left the track and was thrown twenty feet into a mud bank over the ditch on one side of the track. The engine was pulled off and fell into the ditch. The engineer and fireman were thrown off and the latter badly cut about the head. He fell under the engine and the water rushing out of the tank would have drowned him, but the engineer, though badly shocked, staggered to his rescue and pulled the fireman away.

The smoker had seventeen men in it, and fell down into the ditch. The stove rolled into the aisle, and the lamps were extinguished. One passenger got an ax from the rack, and in attempting to smash a window to get out the ax caught on the head rope and was hurled into the water rushing out of the tank would have drowned him, but the engineer, though badly shocked, staggered to his rescue and pulled the fireman away.

A number of passengers were slightly hurt.

## Growing Critical.

### A Little Excitement Created in Street Car Strikes.

### AN ATTEMPT TO RUN CARS

Results in a Small Outbreak of the Strikers at Minneapolis—The Strikers Strike Things Their Own Way—A Small Prospect of a Settlement—All Quiet at St. Paul.

MINNEAPOLIS, Minn., April 18.—Yesterday was a little more lively in street car circles. The company operated three of their lines all day with more or less success. Cars were started on the University, Bloomington and Fourth avenue lines at 5 o'clock in the morning heavily loaded with policemen. Very little trouble was experienced, the police being able to keep the crowds under control, with the exception of one or two instances.

About noon a car was stopped on Washington avenue by a spiked switch, and during the delay a crowd gathered quickly and commenced stoning and egging the drivers and policemen. Mounted police charged on the crowd and dispersed it, but the driver unhitched his horses and left the car standing in the street.

A large number of arrests were made during the day including one or two prominent citizens, who refused to move on when ordered to do so by the police. The crowds on the streets and sidewalks were kept moving, every person refusing to do so and those yelling "scabs" or "rats" at the car men were promptly arrested and locked up charged with disorderly conduct.

It is said that the company had succeeded in employing 115 men yesterday, paying from \$3 to \$7 a day, but at noon the strikers had persuaded about sixty-five of these men to quit, some of them deserting their cars in the middle of their runs, or at the further end from the stables. In such cases officials, clerks and bookkeepers of the company were compelled to man the cars and take them back to the stables. No attempt was made to operate the motor line, but it is thought an attempt will soon be made. The men are still firm, and seem to feel confident of success.

It is rumored that President Lowell has sent for a committee of strikers to settle the matter, but little credence is given the report.

### Quiet at St. Paul.

ST. PAUL, Minn., April 18.—Yesterday was another quiet one in street car circles here, all interest being centered in the efforts of the company to run cars in Minneapolis. The city council at its meeting last night adopted resolutions calling on the street car company to start cars in three days or forfeit its franchise.

### Will Enter the Line.

HARTFORD, Conn., April 18.—The directors of the Hartford and Connecticut Western Railway company have raised funds to build the Springfield extension of the road from Hartford, and will begin work within thirty days, and having thus secured the required money they abandoned their petition to the legislature for permission to mortgage the existing line to the extent of \$2,000,000.

The report that the company has bought land at Granby, near Windham, to put up shops, is officially denied. The purchase is made by individuals, not by the company.

### A Prisoner Released.

QUERES, April 18.—A man named was released yesterday by a dispatch from St. Joseph, Mo., to the effect that the prisoners confined in the district jail there had revolted, and after looting and overpowering the guards, escaped in a body. Sergt. Harpe, of the provincial police, who happened to be present, is reported dangerously injured. A force of provincial police were at once dispatched from the city to endeavor to recapture the fugitives.

### The Standard Extending.

CLEVELAND, O., April 18.—The Standard Oil company has completed a deal by which they gain control of a majority of the stock of the Ohio Oil Company. The territory acquired embraces 15,000 acres, with a daily output of 5,000 barrels, virtually giving them control of the Ohio oil output. The solar refinery at Lima, one of the largest in the country, comes into their possession.

### Killed by an Ax.

NEW ORLEANS, April 18.—A special to the Free Press from Raymond, Mo., says: A negro named Grant who has been confined in jail here under a writ of lunacy, last night killed Robert Thomas, the jailer. The negro was thought to be harmless and Thomas had him at work clearing weeds from the jail yard, when he seized an ax and striking Thomas with it, nearly severed the head from the body.

### All Ready for the Hanging.

HARTFORD, Conn., April 18.—The preparations for the hanging of Swift, the wife murderer, are complete. The gallows stands in the jail corridor. The execution will take place on the 19th inst. at 10 o'clock this morning. Swift is in a penitent mood. His mother and the sister who has made such a brave struggle to have his sentence commuted visited him last evening, and bade him farewell.

### They Will Amalgamate.

HALIFAX, N. S., April 18.—At a joint meeting of the directors of the Canada Atlantic Steamship company and the Boston, Halifax and Prince Edward Island line a general scheme of amalgamation was agreed upon, the details to be arranged later.

### Distinguished People Sail for Europe.

NEW YORK, April 18.—Among the passengers on the steamer that sailed for Europe were the Duke ofutherland, Col. Fred. Grant, the newly appointed minister to Austria, and Gen. Overton Porter, the newly appointed minister to Italy.

### A Suicide Identified.

NIAGARA FALLS, N. Y., April 18.—Two brothers of the man who committed suicide at the American hotel several days since have identified the body as that of James W. McCann, of Petersburg, N. Y.

## FEARS OF SERIOUS TROUBLE.

### The Opening Up of Oklahoma May Result in Bloodshed.

BALTIMORE, April 18.—The Sun's special from Washington says: It is feared that the opening up of Oklahoma may be attended with serious disturbances. The United States marshal at Muskogee will be charged with preservation of order and will be backed up by Gen. Wesley Merritt, commanding the department of the Missouri. Gen. Merritt had some doubt as to what his course of action would properly be in case of disturbance, and telegraphed to the department asking for special instructions. Secretary Proctor and Gen. Schofield had a conference over the matter but finally concluded to consult with the president and Secretary Noble, of the interior, before issuing the order requested.

Accordingly a prolonged conference on the subject took place at the White House, at which President Harrison, Secretaries Proctor and Noble, and Attorney General Culler were present. The conference lasted until 1 o'clock in the evening, when Secretary Proctor went over to the war department where Gen. Schofield was awaiting him, and an order was immediately forwarded by telegraph to Gen. Merritt. Secretary Proctor declined to give the order to the public, but it is understood that it gives Gen. Merritt extraordinary powers, and authorizes him to exercise his own judgment as to when and how to use the troops of his command.

### HAD TIME TO CARRY A TRUNK.

But in This Case It Proved to Belong to Another Party.

SPRINGFIELD, Mass., April 18.—Frank Durocher was arrested here yesterday by a detective of the Boston and Maine railway for stealing a trunk from the depot of that road at Newbury, N. H., last May. The property of Mrs. Elizabeth Wilber, for which the road had to pay. Durocher brought the trunk here and rechecked it to Chicopee Falls, where he removed the contents and sent them to Canada.

Among the effects was a marriage certificate of Mrs. Wilber, which fell to the lot of the buyer, and he sent it to the rightful owner. This led to the capture of Durocher. The man has had trouble with several roads about missing trunks, and has been awarded damages for trunks he claims to have lost. He pleads not guilty to the charge, and says he got the trunk from a person to whom he loaned money on his way from Canada.

### Mrs. Cleveland Was There.

NEW YORK, April 18.—The opening of the centennial loan exhibition of historical paintings and relics at the Metropolitan opera house yesterday evening was graced by the presence of Mrs. Grover Cleveland who entered the room leaning on the arm of Mr. William E. Dodge and at once became the center of attraction. Following them came ex-President Cleveland with Mrs. Folson and the members of the executive committee. Mrs. Cleveland wore a salmon velvet gown, diamonds, no ornaments, and was never more charming. Henry D. Markham made the formal address in presenting the exhibition to the city.

### Will Enter the Line.

HARTFORD, Conn., April 18.—The directors of the Hartford and Connecticut Western Railway company have raised funds to build the Springfield extension of the road from Hartford, and will begin work within thirty days, and having thus secured the required money they abandoned their petition to the legislature for permission to mortgage the existing line to the extent of \$2,000,000.

**A Hand Mashed.**

John Thompson, a C. and A. brickman, aged 22 years, unmarried, and residing at Huntington, met with quite a serious and very painful accident in the C. and A. yard at this place, Wednesday evening.

About half-past eight o'clock, while making a coupling, he in some manner had his right hand caught between the bumpers and had that member badly mashed, it being frightfully lacerated, and a couple of the smaller bones were broken.

Dr. Sweeney was called, who attended his injuries and reports hopes that the hand can be saved. He was sent to his home in Huntington this morning.

**Caught by a Circular Saw.**

At King's hills, in Richland township, a fourteen-year-old son of Hiram King had the misfortune to have his right hand caught in the circular saw, and sustained injuries that came near losing him his hand. He was cut across the knuckles and the four fingers were almost severed from the hand. Dr. Crane was called and dressed the wounds, and hopes to save young King the use of his hand.

**A Pleasant Scene**

Of health and strength renewed and of ease and comfort follows the use of Syrup of Figs, as it acts in harmony with nature to effectually cleanse the system when constipated or bilious. For sale in 50c and \$1.00 bottles by all leading druggists.

### ELEGANT OFFICES

The Palatial New quarters of the Marion Steam Shovel Co.

The officers of the Marion Steam Shovel Co. are gradually getting arranged in the new quarters in the handsome office building on the corner of West Park Boulevard and west Center street. Though the furnishings are not fully completed, the carpenter has not yet left the place, and the carpeting is not yet laid, the office is ready to get an idea of the beauty and convenience of the new quarters during a visit today.

The visitor first enters the general reception room, the rest of which is cut off by one of the most and costliest screens ever erected in Marion. Back of the screen is Treasurer Kibbe's quarters, with a counting room, pictures, and a large commodious vault containing safe and filing boxes.

The west front room is Supt. Barnhart's office, and to say that it is elegant but highly expressive. The furniture and mantle are very choice, and the papering as fine as the best local artists could make it. Indeed all the rooms are beautifully papered, and the entire first floor is furnished in hard oak.

Back of Supt. Barnhart's office is the corresponding department, presided over by Frank Keller. Of this pleasant room is the supply vault on one side and the telephone room on another side.

The second floor consists of the hall-way and four large rooms. Two are used for drafting rooms, one for the Director's quarters, and one for general supplies. Two of these rooms are temporarily occupied by Mr. Barnhart and Mr. Elliot, whose quarters below are not fully completed.

All of the new offices are pleasant, commodious and very fine. No institution in the country has any better, and best of all the success of the Steam Shovel company makes it just and proper that its officers should be so comfortably quartered.

**New Books at the Library.**
